**Subject:** Com v. [REDACTED]

Good Afternoon,

I am the prosecutor assigned to the above-captioned case which is scheduled to be sent out for trial on 3/17. This case originates from an event and drug analysis that occurred in 1998. I am informed that the original analyst who performed the analysis, Gerald Giguere, has since retired and that you would testify in his place.

Although this matter is scheduled to be sent to a trial session this Thursday, I do not expect this matter to be reached for until the end of next week the earliest. Are you available at that time to testify? Of course, I will bend over backwards to make any accommodations for you to make as convenient as possible.

The Certification Number is [REDACTED] and was signed on April 13, 1998.

Thank you!!

Neil L. Desroches
